About This Publication

This PDF is a complete reproduction of **The Secret Covenant — *An Esoteric Interpretation of Ignorance, Control, and Spiritual Liberation***. The Secret Covenant is an anonymously circulated document portraying a hidden system of earthly authority that maintains its influence through fear, material attachment, division, and the deliberate suppression of Spiritual Knowledge.

This is a Philosophical and Spiritual endeavor to extract, Harmonize, and synthesize the Universal Truths underlying the world's Diverse Religious, Mystical, and Philosophical traditions. Most famously associated with the concept of Perennial Philosophy, it posits that All Major Traditions share a single, transcendent metaphysical Source and Core Set of Truths.

"By the Power of Truth, I, while Living, have Conquered the Universe."

"I Am Nothing, yet I Am Everything."

Welcome to the foundation. Before the architecture of the Mind can be understood, and before the Immutable Laws of the Universe can be Consciously applied, we must first establish the Origin of All Existence.

This archive is the ***House of Wisdom***, the culmination of nearly three decades of dedicated academic study and silent Knowingness—a deliberate synthesis of the Universal Truths that weave through the world's Hermetics, Theosophy, Philosophy, Religion, Symbolism, and Esoteric traditions brought together, not to erase their differences, but to invite careful study of the deeper questions they all address, the Connectedness of All Things. We do not approach these mechanics as mere dogma, but as the functional, logical Reality of the Cosmos.

The central thesis of this work is that beneath humanity's many Religious, Mystical, and Philosophical traditions lies a Single Transcendent Source that has been described in different languages throughout history. Throughout this website, Historical Context is presented alongside Esoteric Interpretation. Historical Context Seeks to Understand what a text meant within its original time and culture. Esoteric Interpretation explores the Symbolic and Spiritual significance that Seekers have found within those same texts across the centuries. Both perspectives are valuable. One Illuminates the Letter; the other Seeks the Spirit.

At the Absolute Center of this Perennial Philosophy lies a singular, foundational revelation: ***God is the ALL-in-All***.

The Secret Covenant

An Esoteric Interpretation of Ignorance, Control, and Spiritual Liberation

The Secret Covenant is an anonymously circulated document portraying a hidden system of earthly authority that maintains its influence through fear, material attachment, division, and the deliberate suppression of Spiritual Knowledge. Although its authorship and historical authenticity remain unverified, the text presents a compelling subject for Philosophical and Esoteric examination. Viewed through the Hermetic Principle of Mentalism and the Perennial Philosophy, its deeper significance lies in the relationship between Consciousness and the illusion of separation. The document portrays humanity as being held captive not merely by external circumstances, but by conditioned beliefs that obscure the Recognition of its Divine Origin. Within this interpretation, the ultimate struggle is not between two independent powers, but between ignorance and Spiritual Awareness, between identification with material appearances and the Realization that All Life exists within the ONE Infinite Consciousness. The essential question is whether any earthly authority can truly separate humanity from the Divine, or whether such separation exists only within the limitations of human perception.

The Secret Covenant (original text)

The following document is reproduced in its original wording for the purpose of Philosophical and Esoteric examination. Its authorship, historical origins, and authenticity have not been established, and its allegations should not be interpreted as verified historical facts. The text is presented as a study of the relationship between material authority, conditioned beliefs, Spiritual Ignorance, and the Recognition of Divine Unity. The Esoteric Interpretation that follows examines its deeper Symbolic significance within the framework of Hermetic Philosophy and the Perennial Wisdom traditions.

An illusion that is so large, so vast that it will totally escape their perception.

Those who will see through, will be thought of as insane.

We will create separate fronts to prevent them from seeing the connections between us.

We will behave as if we are not connected in order to keep the illusion alive.

Our goal will be accomplished one step at a time so as to never bring suspicion upon ourselves. This will also prevent them from seeing the changes we make as they occur.

We will always stand above the relative field of their experience for we know the secrets of the absolute.

We will work together always and will remain bound by blood and secrecy. Death will come to he who speaks.

We will keep their lifespan short and their minds weak while pretending to do the opposite.

We will use our knowledge of science and technology in subtle ways so they will never see what is happening.

We will use soft metals, aging accelerators and sedatives in food and water, also in the air.

They will be blanketed by poisons everywhere they turn.

The soft metals will cause them to lose their minds.

We will promise to find a cure from our many fronts, yet we will feed them more poison.

The poisons will be absorbed through their skin and mouths, they will destroy their minds and reproductive systems.

From all this, often their children will be born dead, and we will conceal this information.

The poisons will be hidden in everything that surrounds them, in what they drink, eat, breathe and wear.

We must be ingenious in dispensing the poisons for some can see far.

We will teach them that these poisons are for their own good, with fun images and musical tones.

Those they look up to will help. We will enlist them to push our poisons.

They will see our products being used in film and will grow accustomed to them and will never know their true effect.

When they give birth we will inject poisons into the blood of their children and convince them it is to their benefit.

We will start early on, when their minds are young, we will target their children with what children love most, sweet things.

When their teeth decay we will fill them with metals that will kill their mind and steal their future.

When their ability to learn has been affected, we will create medicine that will make them sicker and cause other diseases for which we will create yet more medicine.

We will render them docile and weak before us by our power.

They will grow depressed, slow and obese, and when they come to us for help, we will give them more poison.

We will focus their attention toward money and material goods so they may never connect with their inner self. We will distract them with fornication, external pleasures and games so they may never be with the oneness of it all.

Their minds will belong to us and they will do as we say. If they refuse we shall find ways to implement mind-altering technology into their lives. We will use fear as our weapon.

We will establish their governments and establish opposites within. We will own both sides.

We will always hide our objective but always carry out our plan.

They will perform the labor for us and we shall prosper greatly from their toil.

Our families will never mix with theirs. Our genes must be pure always, for it is "the way".

We will make them kill each other every time it suits us.

We will keep them separated from Creation by dogma and religion.

We will control all aspects of their lives and tell them what to think, when and how.

We will guide them kindly and gently letting them think they are guiding themselves.

We will foment animosity between them through our factions.

When a light shall shine among them, we shall extinguish it by ridicule, isolation or death, whichever suits us best.

We will make families that rip each other's hearts apart and kill their own children.

We will accomplish this by using hate as our ally, anger as our friend.

The hate will blind them totally, and never shall they see that from their conflicts we emerge as their rulers. They will be too busy killing each other.

They will bathe in their own blood and kill their neighbors for as long as we see fit.

We will benefit greatly from this, for they will not see us, for they cannot see us.

We will continue to prosper from their wars and their deaths.

We shall repeat this over and over until our ultimate goal is accomplished.

We will continue to make them live in fear and anger through images and sounds.

We will use all the tools we have to accomplish this.

The tools will be provided by their own labor.

We will make them hate themselves and their neighbors.

We will always hide ultimate reality from them; that is, that we and they are all one and the same. This they must never know!

They must never know that skin color is an illusion, they must always think they are not equal.

Step by step, step by step over a long, long time we will advance our goal.

We will take over their land, resources and wealth to exercise total control over them.

We will deceive them into accepting laws that will steal what little freedom they will have.

We will establish a money system that will imprison them forever, keeping them and their children in debt.

When they ban together, we shall accuse them of crimes and present a different story to the world, for we shall own all the media.

We will use our media to control the flow of information and their sentiment in our favor.

When they shall rise up against us we will crush them like scarabs, ants, bees and other insects, for they are less than that.

They will be helpless to do anything about it for they will have no weapons.

We will recruit some of their own to carry out our plans, we will promise them eternal life, but eternal life they will never have.

The recruits will be called "initiates" and will be indoctrinated to believe false rites of passage to higher realms. Members of these groups will think they are one with us but never knowing the real truth. They must never learn this truth for they would turn against us.

For their work they will be rewarded with earthly things and great titles, but never will they become immortal, never will they receive ultimate reality or travel the stars.

They will never re-member with Creation, for the killing of their own kind will prevent passage into the realm of enlightenment. This they will never know.

The truth will be hidden in their faces, so close that they will not be able to focus on it until its too late.

Oh yes, so grand the illusion of freedom will be, that they will never know they are our slaves.

When all is in place, the reality we will have created for them will own them. This reality will be their prison. They will live in self-delusion.

When our goal is accomplished a new era of domination will begin.

Their minds will be bound by their beliefs, the beliefs we have established for them from time immemorial.

But, should they ever find out they are our equal, then we shall perish. THIS THEY MUST NEVER KNOW.

Should they ever find out that by working openly together they can vanquish us, they would take action.

They must never, ever find out what we have done, for if they do, we shall have no place to run, for it will be easy to see who we are once the veil has fallen. Our actions will have revealed who we are and they will hunt us down and no person shall give us shelter.

This is the secret covenant by which we shall live the rest of our current and future cloned lives, for we will transcend many generations and life spans.

This covenant is sealed by genes, our genes. We, the ones who from the surface of the earth came.

This covenant must NEVER, EVER be known to exist. It must NEVER, EVER be written of, or spoken of, for if it is the consciousness it will spawn and will release the fury of CREATION upon us and we shall be cast into oblivion from whence we came and remain there for infinity.

An Esoteric Interpretation of The Secret Covenant

1. The Physical and Spiritual Poles of Existence

Within Hermetic Philosophy, the Physical and Spiritual dimensions of Existence are not opposing creations, but different expressions of the ONE Infinite Reality. The Principle of Polarity teaches that apparent opposites are fundamentally connected, differing in degree and manifestation rather than in their Essential Nature. *The Secret Covenant* portrays the Material World as an instrument through which Consciousness becomes distracted from its Divine Origin, emphasizing wealth, pleasure, fear, and physical survival as forces that obscure Spiritual Awareness. Yet Matter itself is not inherently negative, for all Manifestation proceeds from the same Universal Mind. The Negative Pole represents the condition of ignorance, separation, and identification with external appearances, while the Positive Pole represents Knowledge, Unity, Love, and the Recognition of the Divine Presence within All Things. The essential conflict is therefore not between Spirit and Matter, but between Consciousness that identifies exclusively with the temporary conditions of Physical Existence and Consciousness that Recognizes its Eternal Spiritual Nature. From this perspective, Spiritual Liberation does not require rejecting the Material World, but understanding its proper relationship to the Infinite Source from which it Emanates.

2. The Suppression of Spiritual Knowledge

One of the most revealing declarations within *The Secret Covenant* concerns the concealment of the Ultimate Reality that all Beings are expressions of the same Divine Source. The document portrays ignorance of this fundamental ONENESS as essential to maintaining systems of domination, for the Recognition of Spiritual Equality would undermine the artificial distinctions upon which superiority and subservience depend. This concept closely parallels the Gnostic understanding of ignorance as the principal obstacle to Spiritual Liberation. In certain Gnostic traditions, humanity's bondage arises through identification with the Material World and forgetfulness of its Divine Origin, while Gnosis represents the direct Knowledge that restores Consciousness to an Awareness of its true Nature. Within the Hermetic framework, this same principle is expressed through the relationship between the Macrocosm and Microcosm, in which the Divine Presence permeates every level of Existence. The Covenant's portrayal of concealed Knowledge can therefore be understood as an allegory of Spiritual Forgetfulness, illustrating how the illusion of separation allows external distinctions to overshadow the underlying Unity of All Life. The Ultimate Truth cannot be destroyed or withheld from Creation itself; only its Recognition can be obscured within the individual Mind.

3. The Mind as the Instrument of Bondage

The assertion that humanity's Minds can be bound by beliefs imposed upon them reveals one of the document's strongest connections to the Hermetic Principle of Mentalism: "The ALL is MIND; The Universe is Mental." Within this Philosophy, Consciousness is fundamental to the experience of Reality, and the beliefs accepted by the individual Mind profoundly influence perception, behavior, and the interpretation of external circumstances. *The Secret Covenant* describes a condition in which fear, repetition, distraction, and social conditioning establish limitations that individuals eventually accept as unquestionable Truth. Such limitations become particularly powerful when they operate beneath Conscious Awareness, shaping the subconscious assumptions through which experience is interpreted. The resulting bondage is

not merely external, for the individual may continue to reinforce the very beliefs that restrict Spiritual Understanding. Yet the same Mental Principle that permits conditioned limitations also provides the foundation for Liberation. Through Self-Examination, Discernment, and the Conscious Recognition of Divine Identity, the individual can begin to distinguish inherited assumptions from direct Understanding. Mind is therefore presented as both the apparent instrument of captivity and the means through which the illusion of captivity can be Recognized and transcended.

4. The Illusion of Separation and the Nature of Earthly Power

Throughout *The Secret Covenant*, the supposed authors describe humanity as divided into rulers and subjects, the knowledgeable and the ignorant, the powerful and the powerless. Yet the document contains a profound contradiction: it acknowledges that those claiming superiority and those subjected to their authority are ultimately expressions of the same Reality. From the standpoint of Non-Duality, this contradiction exposes the fundamental illusion upon which the entire narrative depends. If God is the ALL-in-All, no Being exists outside the Infinite Consciousness, and no earthly distinction can alter the Essential Unity of Existence. Differences in knowledge, circumstance, authority, and material possession belong to the relative conditions of Manifestation; they do not establish differences in the Divine Essence of those who experience them. Earthly power can influence institutions, restrict opportunities, and shape material circumstances, but it cannot transform one expression of the ONE into something inherently separate from another. The Covenant thus illustrates the difference between relative authority within the Physical World and Absolute Reality within the Spiritual Order. The illusion of separation sustains the belief that one Being possesses an Essential superiority over another, while the Recognition of ONENESS reveals that all distinctions exist within, and never beyond, the same Infinite Source.

5. Fear, Division, and the Manipulation of Consciousness

Fear occupies a central position within *The Secret Covenant*, appearing as the means through which distrust, conflict, dependency, and obedience are cultivated. The document repeatedly describes the deliberate encouragement of hostility between individuals, families, nations, and belief systems, portraying division as a condition that prevents humanity from Recognizing its shared interests and deeper Spiritual Unity. From an Esoteric perspective, fear contracts Awareness around the separate personality and its perceived vulnerability, directing attention toward threats, possessions, and the preservation of temporary circumstances. When Consciousness becomes dominated by fear, the distinction between the individual Self and the surrounding world appears increasingly absolute, strengthening the illusion that Life consists of isolated Beings struggling against one another. Love, Compassion, and Understanding operate in the opposite direction, expanding Awareness beyond the limitations of personal identification and revealing the common Essence underlying apparent differences. This does not mean that genuine injustice or material suffering should be ignored, but that fear and hatred need not determine the response to them. Within the Hermetic and Perennial traditions, the Conscious transformation of fear into Understanding represents an important movement from Spiritual Ignorance toward the Recognition of Divine Unity.

6. The Hidden Truth of Divine Equality

Near its conclusion, *The Secret Covenant* declares that the recognition of equality would destroy the authority of those claiming dominion over humanity. This statement reveals the

central Spiritual paradox of the entire document: the supposed source of earthly power depends upon the concealment of a Truth that cannot actually be altered. Within the Perennial Philosophy, the Essential Equality of all Beings arises not from identical physical characteristics, intellectual abilities, social positions, or material circumstances, but from their common Origin within the ONE Infinite Consciousness. The Divine Presence does not become greater in the ruler or lesser in the subject, for the Absolute cannot be divided into unequal portions of itself. The apparent distinctions of Manifested Existence belong to the relative world of Form, while the underlying Spiritual Reality remains indivisible. This Understanding also establishes an important distinction between Spiritual Equality and the practical responsibilities of human society, where injustice, exploitation, and unequal treatment remain genuine conditions requiring Conscious and ethical action. Recognition of Divine Unity does not erase these responsibilities; it provides a deeper foundation for Compassion, Mutual Respect, and the rejection of claims to inherent superiority. The Truth concealed within the Covenant's narrative is therefore not a secret privilege belonging to a chosen few, but the Universal Reality that no Being can exist independently of the ALL.

7. Spiritual Awakening and Liberation Through Self-Knowledge

The Ultimate Esoteric significance of *The Secret Covenant* emerges when its narrative of domination is understood as an illustration of the relationship between ignorance and Spiritual Awakening. The document portrays humanity as imprisoned within a Reality constructed through conditioned beliefs, material distractions, fear, and the persistent illusion of separation. Yet its own conclusion suggests that the apparent authority of this system depends upon humanity remaining unaware of its Essential Nature. Within Hermetic Philosophy, genuine Liberation begins with Self-Knowledge: the Recognition that the individual is not merely a temporary physical personality, but an expression of the ONE Universal Life. This Awakening does not require the destruction of the Physical World, nor does it depend upon identifying a hidden earthly adversary. It requires the transformation of Consciousness through Discernment, Understanding, and the Realization that the Divine Presence has never been absent. External institutions may influence material conditions, but they cannot abolish the Spiritual Unity from which all Existence proceeds. The deepest bondage is the belief in Absolute Separation, and the deepest Liberation is the Recognition that separation has never existed within the Infinite Reality. Thus, the Covenant's apparent message of fear and domination is transformed into a Spiritual teaching concerning the limitations of ignorance and the liberating power of Truth.

When Consciousness Recognizes its Eternal Source,

the illusion of separation loses its authority,

and the fundamental Reality is revealed: God is ALL in All.
